

Waterproof Indoor Cabinetry

For Flood Prone & High Moisture Areas

StyleLite® Indoor Waterproof

stylelite.net/waterproof

StyleLite® Indoor Waterproof featuring TruColor's Advanced Multilayer UV Barrier Technology

StyleLite waterproof panel solutions are suitable for any interior cabinetry application.

The 18mm thick double sided face panels feature the luxurious StyleLite TruMatte ABS/Acrylic finish which are complemented by a robust and easy to fabricate 16mm carcass panel. StyleLite waterproof is the resilient panel solution where the risk of water or moisture damage exists.

No more worrying about replacement of indoor cabinetry post flooding or water exposure.

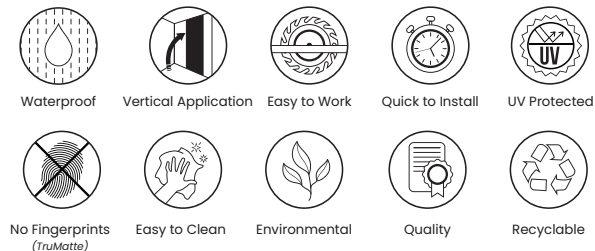

For outdoor applications refer to StyleLex by EGR Decor.
